## Donald Bugos Invited to Attend TAG's 14th Annual Convention in Nashville

*Leaders in the Technology Industry  
Unite to Discuss Future Trends,  
Emerging Technologies & Best  
Business Practices*

GAINESVILLE, FL – March 31, 2014 - ComSys, a leading provider of unified communications, announced today that the company has been invited to attend Technology Assurance Group's (TAG) Annual Convention. TAG is an international organization of leading unified communications providers representing nearly \$350 million in products and services. The convention will be attended by the forerunners in the industry who are pioneering new ways of utilizing technology to better serve their business community. The invite-only conference will be held on April 27th to April 30th at the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee.

During the four day event leading technology companies, like ComSys, will share their expertise and best practices with their peers in an effort to help one another improve their businesses and provide greater value to those customers they serve. With such a wide variety

of perspectives, ComSys will undoubtedly glean new best practices, enhance their customer service, and be exposed to new technologies. The overriding goal for their participation at the TAG Convention is to identify new ways to increase their customers' profitability and productivity.

"In our industry the learning never stops," stated Donald Bugos, President of ComSys. "The technology industry is one that requires a constant hunger for understanding new technologies and how their implementation can affect businesses. It is our duty to make sure that the solutions we provide are not only good – they must be great. By remaining vigilant and proactively searching for top technologies, we can confidently promise our customers that by working with us, they are getting the best business enhancing technology possible, every time."

"The TAG Convention provides a unique opportunity where our Member companies interact with one another and immerse themselves with new information," commented Brian

Suerth, President of TAG. "Donald Bugos is well respected among his peers and his company is one of our premier Members."

### ABOUT COMSYS

The history of Communication Systems, Inc. (dba ComSys) dates back to 1981.

The company is North Central Florida's most customer-oriented business technology solutions company - providing commercial customers with a single point of contact for quality, cost effective, converged voice and data solutions.

ComSys recognizes the critical need for a solutions provider that combines leading edge technology with quality service and support, and, is committed to establishing lasting business relationships with their clients. The company's goal is maximum customer satisfaction through total customer service.

ComSys is one of a select few converged solution providers nationwide that qualify to be a Technology

Assurance Group (TAG) member.

ComSys provides VoIP Telephone Systems, Hosted Phone Systems, Call Center Solutions, Video Solutions, Structured Cabling and Wiring to businesses throughout the Gainesville, Ocala, Lake City and Leesburg areas. Our National Services Network can support and deliver our full range of products and services almost anywhere in the United States.
