COMSYS TO SPEAK AT INDUSTRY CONFERENCE OF LEADING BUSINESS TECHNOLOGY PROVIDERS

GAINESVILLE, FL – September 30, 2013 - ComSys, an industry leader in unified communications, announced today that the company is speaking at STAR CON, Technology Assurance Group's industry conference of leading technology providers. Technology Assurance Group (TAG) is an international association of independently owned unified communications companies collectively representing nearly \$350 million in products and services. TAG's STAR CON will capitalize on the amazing exchange of information, ideas and experiences between attendees for the betterment of the customers they serve. The event will be held in San Diego at the US Grant Hotel and is scheduled to take place on October 20th through October 23rd.

The objective of STAR CON is to bring the brightest minds in the industry together to discuss current trends, best business practices and understand where the industry is headed as a whole. ComSys has been invited to attend this event because of their dominant standing in the marketplace and

their desire to constantly remain ahead of the curve. The event will be packed with education from subject-matter experts and high-level discussion from the most successful companies in the industry.

"It's always a pleasure to attend conferences of this caliber," stated Donald Bugos, President of ComSys. "We thoroughly enjoy connecting with other successful companies and learning best practices that increase our offering to our customers. By maintaining a proactive approach in adopting new methodologies and spending the time required to see what's emerging on the technological landscape, we are better equipped to increase our customers' profitability and give them a competitive advantage. As a leader, we consider it our duty to know what's coming and to help our customers adopt new technology. This proactive approach has served us and our customers well over the years and it is one of the main reasons for our success."

"ComSys is a premier Member of TAG and an elite company in our industry," said Brian Suerth, Partner and EVP

of Technology Assurance Group (TAG). "Everyone in attendance will learn from their customer-centric approach and will benefit from their ideas as a model for success."

ABOUT COMSYS

The history of Communication Systems, Inc. (dba ComSys) dates back to 1981.

The company is North Central Florida's most customer-oriented business technology solutions company - providing commercial customers with a single point of contact for quality, cost effective, converged voice and data solutions.

ComSys recognizes the critical need for a solutions provider that combines leading edge technology with quality service and support, and, is committed to establishing lasting business relationships with their clients. The company's goal is maximum customer satisfaction through total customer service.

ComSys is one of a select few converged solution providers nationwide that

qualify to be a Technology Assurance Group (TAG) member.

ComSys provides VoIP Telephone Systems, Hosted Phone Systems, Call Center Solutions, Video Solutions, Structured Cabling and Wiring to businesses throughout the Gainesville, Ocala, Lake City and Leesburg areas. Our National Services Network can support and deliver our full range of products and services almost anywhere in the United States.
